Food Service

At Material Motion Inc., we innovate food service packaging solutions that enhance efficiency and dining experiences. With a commitment to quality and sustainability, we equip businesses to deliver exceptional service, ensuring food maintains its integrity from kitchen to consumer.

MATERIAL MOTION

PACKAGING SOLUTIONS DELIVERED

PET Drinking Cups & Lids

Elevate your beverage service with our premium PET drinking cups and lids, designed for maximum clarity and durability. Perfect for both cold drinks and smoothies, our cups are made from high-quality, recyclable materials, ensuring a reliable and eco-friendly choice. Available in a variety of sizes, our cups and lids fit seamlessly, preventing spills and maintaining beverage integrity for a superior drinking experience.

PET Thermoforming Trays

Our PET thermoforming trays, including clamshells and mushroom tills, offer versatile and secure packaging solutions for a variety of food products. Designed for clarity and strength, these trays protect and display fresh produce, baked goods, and ready-to-eat items with unparalleled visibility. Lightweight yet durable, our recyclable trays meet the highest standards of sustainability and consumer convenience, enhancing the freshness and appeal of your products on the shelves.

PP Stadium Cups

Elevate your event with our PP Stadium Cups, the perfect reusable solution for large gatherings and sports events. Made from durable polypropylene, these cups are designed to withstand multiple uses, making them a favorite for both vendors and attendees. Available in a range of sizes and vibrant colors, our stadium cups can be customized with logos or slogans to promote your brand. Choose our PP Stadium Cups for a practical and promotional tool that participants can take home as a souvenir.

Plastic Cutlery

Our range of Plastic Cutlery offers both compostable and polypropylene options to cater to diverse needs and environmental preferences.

Compostable cutlery is made from eco-friendly materials that break down naturally, perfect for customers looking to minimize their ecological footprint.

Polypropylene cutlery is known for its durability and strength, ideal for all types of food service settings. Each option provides a practical, hygienic, and stylish solution to disposable dining, ensuring that you have the perfect utensil for every meal.

Grease Resistant Paper Wraps

Keep your food fresh and your hands clean with our grease-resistant paper wraps. Ideal for sandwiches, burgers, fries, and other to-go items, these wraps prevent oil and moisture from seeping through, ensuring a neat eating experience. Made from high-quality, food-safe paper, they are an essential choice for any food service operation focusing on convenience and cleanliness. Available in various sizes and customizable with your branding, our paper wraps enhance both functionality and style, making every meal both enjoyable and easy to handle.

Portion Cups

Maximize convenience and control with our portion cups, designed for precise serving sizes of condiments, dressings, and samples. These cups are crafted from high-quality materials, ensuring they can handle both hot and cold contents without leakage. Available in various sizes, our portion cups are perfect for food service businesses looking to enhance the customer experience with mess-free, easy-to-use solutions. Opt for our eco-friendly options to demonstrate your commitment to sustainability while providing a practical service to your customers.

Plastic Carry-Out Bags

Our Plastic Carry-Out Bags, commonly known as T-shirt bags, are the go-to choice for retail and grocery shopping due to their reliability and ease of use. Crafted from durable plastic, these bags are designed to manage heavy loads without risk of tearing. They feature a simple and efficient handle design, making them easy to carry and convenient for everyday use. Available in a variety of colors and sizes, and customizable with your logo, our T-shirt bags offer a practical and cost-effective solution for businesses looking to improve customer satisfaction and promote their brand.

Bakery Bags/Bread Bags

Preserve the freshness and showcase the quality of your baked goods with our bakery and bread bags. These bags are designed to maintain optimal moisture content, ensuring that bread, pastries, and other baked items remain as delicious as when they first came out of the oven. Made from high-quality, food-safe materials, our bags are available in a variety of sizes and can be customized with your bakery's branding to enhance your product presentation and visibility. Choose our bakery bags for a professional touch that customers will appreciate.

Bagasse Plates, Cups & Trays

Discover sustainable elegance with our Bagasse plates, cups, and trays, crafted from sugarcane fiber—a biodegradable and compostable material. Perfect for eco-conscious consumers, our products offer a sturdy and heat-resistant alternative to traditional disposables. Ideal for both hot and cold foods, they provide an environmentally friendly solution without sacrificing quality or functionality. Elevate your service with our stylish and sustainable tableware that makes a positive impact on the planet.

Paper Cups & Lids (Hot & Cold)

Experience versatility and convenience with our range of paper cups, ideal for both hot and cold beverages. Engineered to provide insulation and comfort, our hot cups prevent heat transfer, while our cold cups are designed to keep drinks cool and refreshing. Paired with snug-fitting lids that prevent leaks and spills, our eco-friendly paper cups ensure a superior drink experience every time.

Paper Plates

Serve convenience and quality with our premium paper plates, designed for both casual and formal gatherings. Our plates are crafted from high-grade, sustainable materials, making them both sturdy and environmentally friendly. Perfect for any occasion, they offer a practical yet elegant solution for serving food with ease and style. Available in a variety of sizes and designs, our paper plates cater to every need while emphasizing eco-responsibility.

Paper Take-Out Bags

Ensure a seamless carry-out experience with our paper take-out bags, designed for strength, convenience, and sustainability. Ideal for restaurants, cafes, and food trucks, these bags are crafted from durable, recyclable paper materials to handle a variety of food containers and utensils without tearing. Available in multiple sizes and with options for custom branding, our take-out bags not only provide a practical solution for food transport but also enhance your brand visibility with every order.

Paper Board Trays & Boxes

Our paper board trays and boxes provide a sturdy, eco-friendly solution for serving and packaging food. Perfect for takeout, catering, or in-house dining, these versatile products are designed to handle hot and cold items while maintaining their structural integrity. Made from recyclable and biodegradable materials, they offer a sustainable alternative without compromising on functionality or style. Customizable sizes and branding options make them an ideal choice for businesses looking to elevate their food presentation.

Napkins

Enhance your dining experience with our high-quality napkins, designed for both elegance and functionality. Available in a variety of materials and styles, our napkins are soft, absorbent, and durable, making them suitable for any occasion, from casual eateries to upscale events. Choose from an array of colors and patterns to perfectly match your decor and branding needs, ensuring that every detail complements your dining setting.

Wood Stirrers and Sticks

Elevate your beverage service with our eco-friendly wood stirrers and sticks, perfect for coffee shops, bars, and catering events. Made from sustainably sourced wood, these stirrers are not only sturdy and functional but also compostable, offering an environmentally responsible alternative to plastic. Their smooth finish ensures they won't splinter, providing a safe and elegant way to mix drinks. Available in various lengths and styles, our wood stirrers and sticks are an excellent choice for businesses aiming to combine practicality with sustainability.

Corn Starch Trays

Our Corn Starch Trays are designed with the environment in mind, offering a sustainable alternative to traditional plastic trays. Made from corn starch, these trays are not only biodegradable and compostable but also robust and versatile. Ideal for food packaging, they maintain their integrity under a variety of temperature conditions, supporting everything from fresh produce to hot, ready-to-serve meals. Opt for our eco-friendly trays to reduce your carbon footprint while providing a high-quality, practical solution for food service needs.
